

Balfour Beatty Capital Group is Newly Branded as Parent Company of Four Distinct U.S. Business Divisions

Four unique service companies – Balfour Beatty Communities, LLC, Balfour Beatty Capital, Inc., Balfour Beatty Energy Solutions, LLC, and Balfour Beatty Campus Solutions, LLC – will focus on North American Public-Private Partnership market

Newtown Square, Pa – March 15, 2010 -- As Balfour Beatty's presence in the U.S. Public-Private Partnership (PPP) market continues to grow and diversify, the company announced today that it is repositioning [Balfour Beatty Capital Group, Inc. \(BBCG\)](#) as the overall parent company of four unique service companies serving the U.S. PPP market. These companies are: [Balfour Beatty Communities, LLC](#); [Balfour Beatty Capital, Inc.](#); [Balfour Beatty Energy Solutions, LLC](#); and [Balfour Beatty Campus Solutions, LLC](#).

Balfour Beatty's historical focus on the U.S. military housing PPP industry has established Balfour Beatty Communities as a leader in the development, construction, renovation, operation and management of privatized military housing projects for the U.S. Departments of the Army, Navy and Air Force. The company has grown in recent years to include new capabilities and additional operating subsidiaries. Additionally, BBCG has expanded to other PPP projects outside of its original military focus.

“This new branding, with Balfour Beatty Capital Group serving as the overall name we present to the marketplace, better reflects our company and the industries we serve,” said Bruce Robinson, President and Chief Executive Officer of BBCG. “As we pursue PPP opportunities throughout the U.S., together with our affiliate Balfour Beatty Capital-Canada within the Canadian markets, we believe that presenting the full range of capabilities under the Balfour Beatty Capital Group name in North America is a better representation of our company. This

repositioning also ensures that each unique area of our business is properly included in our overall strategy and larger initiatives.”

Under BBCG, each division will retain its current name and overall business structure. BBCG, Balfour Beatty Communities, Balfour Beatty Capital, and Balfour Beatty Campus Solutions will continue to be headquartered at the company’s offices in Newtown Square, PA, while Balfour Beatty Energy Solutions will continue to be headquartered in Nashville, TN.

“Moving ahead, we look forward to capitalizing on the synergies between each of our divisions as well as other U.S. Balfour Beatty operating companies, expanding our services into new markets, and making Balfour Beatty Capital Group the leader in the North American PPP market,” concluded Robinson.

###

About Balfour Beatty Capital Group, Inc.

(www.bbcgrp.com)

Balfour Beatty Capital Group, Inc. specializes in partnering with government entities and high performing public sector firms to implement their strategic plans through a Public-Private Partnership (PPP/P3) model. NOTE TO THE EDITOR ABOUT PUBLIC PRIVATE PARTNERSHIPS:

According to the [National Council of Public-Private Partnerships](#), a Public-Private Partnership (PPP) is a contractual arrangement between a public agency (federal, state or local) and a private sector entity. Through this agreement, the skills and assets of each sector (public and private) are shared in delivering a service or facility for the use of the general public. In addition to the sharing of resources, each party shares in the risks and rewards potential in the delivery of the service and/or facility.

PPPs are an innovative method for creating, building and maintaining up-to-date, high quality public infrastructure. PPPs give the public an opportunity to leverage its limited resources to obtain high quality essential assets.

Public-Private Partnerships have a long history in the U.S. and throughout the world in various forms and in a variety of public sector areas such as military housing, education, transportation, healthcare and infrastructure. For more information, visit www.bbcgrp.com.
